

# Union Budget 2023

The Union Budget is also known as the Annual Financial Statement. **Article 112** of the Constitution of India lays down that it is a **statement of the estimated expenditure and receipts of the Government** for a particular year.

- The Budget keeps the account of the finances of the government for the fiscal year (from 1st April to 31st March).
- The Budget is presented on 1st February (until 2016, it was presented on the last working day of February) so that it can materialise before the commencement of the new financial year which starts on 1st April.
- In 2017, a 92-year-old tradition was broken when the railway budget was merged with the Union Budget and presented together.
- The Budget must be passed by the Lok Sabha before it can come into effect.

## Important Highlights of Budget 2023-24 for UPSC

The Union Finance Minister Nirmala Sitharaman on the 1st of February 2023 presented the last full-fledged Budget of the current government before the next Lok Sabha elections due in 2024.

- The Union Budget 2023-24 aims to build on the foundation laid in the previous Budget, and formulates a blueprint for **India@100**.
- The government through the Budget 2022-23 has envisioned laying a strong foundation to steer the Indian economy towards **Amrit Kaal**.
  - Amrit Kaal is the term coined by the government to mark the 25-year period till 2047 when India will celebrate 100 years of Independence.
- **Vision for Amrit Kaal:** The government's vision for Amrit Kaal is to create a technology-driven and knowledge-based economy with strong public finances, and a robust financial sector.
- In order to achieve this vision, the focus has been laid on:
  - Creating opportunities for citizens, particularly the youth to fulfil their aspirations.
  - Providing a strong impetus to growth and employment generation.
  - Improving and strengthening macroeconomic stability.
- The Union Finance Minister has listed **seven key priorities** which would complement each other and act as the "**Saptarishi**" guiding the government through the Amrit Kaal. They include:
  - Inclusive Development
  - Reaching the Last Mile
  - Infrastructure and Investment
  - Unleashing the Potential
  - Green Growth
  - Youth Power
  - Financial Sector
